

# Social support in 2018

Share of the population without material / non material support, resident population aged 16 and over

— Confidence interval (95%)

Questions asked (in 2018, non-material and material support was recorded separately):

Do you have relatives, friends, colleagues or other persons you can ask for material or financial help?

Do you have relatives, friends, colleagues or other persons you can ask for non-material help, e.g. help when you are ill or to discuss personal problems?
