Producer and Import Price Index in October 2016

0.1% rise in Producer and Import Price Index

Neuchâtel, 14.11.2016 (FSO) – **The Producer and Import Price Index rose in October 2016 by 0.1% compared with the previous month, reaching 99.8 points (base December 2015 = 100). While the Producer Price Index declined by 0.1%, the Import Price Index rose by 0.3%. The slight overall increase is due in particular to higher prices for petroleum products. Compared with October 2015, the price level of the whole range of domestic and imported products fell by 0.2%. These are the findings from the Federal Statistical Office (FSO).**
