The figures include all teachers working at the level of education considered (double-counting possible).

Full-time equivalents are expressed as the ratio of actual hours employed and the normal hours of a person employed full-time (e.g. a person employed for 50% of a full-time job counts as 0.5 full-time equivalents).

³ excluding special needs school classes, classes for foreign language speaking pupils, introduction classes and other special classes

⁴ kindergarten, first learning cycle

⁵ including transitional education from lower to upper secondary level, federal vocational baccalaureate and complementary education in upper secondary

The number of persons employed in higher education institutions is based on the reference day 31 December. The full-time equivalents relate to the entire calendar year.
