2020 Survey on the Social and Economic Situation of Students

The survey makes it possible to draw a detailed profile of the living and study conditions of students across Switzerland. It is an instrument to help make higher education policy decisions. It is very important that all students who have been contacted answer the questionnaire in order to obtain a complete picture of the situation.

We guarantee that your data will be treated confidentially and that your anonymity will be strictly protected.

The time necessary to answer the questionnaire can vary depending on your degree programme, but should be around 25 minutes.

Please refer to a typical semester week while answering the questions and not to the current situation which is exceptional (COVID-19).

The survey's success depends on your participation. Thank you in advance for your participation.

To go forwards and backwards within the questionnaire, please only use the "back" and "forward" buttons at the bottom of the questionnaire. You can stop completing the questionnaire at any time and come back to the survey later.

Help : Time spent on various activities

This question is about how much time students spend on various activities. If the amount of time you devote to a particular activity varies widely from one period to another, please indicate the amount spent on this activity during a "typical" week during the semester.

"Voluntary activities" comprise activities involving social, political or cultural engagement. In this sense, they are to be differentiated from leisure activities. For example, a "coach" in a sports club is a voluntary activity. But as far as we are concerned a sports activity in a sports club is "only" a leisure activity.

3.2 During an academic week you consider to be typical, how much time do you devote to the following activities?

Info: Please enter "0" for activities you do not practice

- VORLETOT** ___ Academic programme (lectures, seminars, internships, exercises, etc.)
- SONSTTOT** ___ Other academic work (preparation, research and final papers, library study, library research, etc.)
- TAETIGTOT** ___ Paid employment (all paid activities: jobs, professional activity, babysitter, etc.)
- FREITOT** ___ Volunteering (within or outside of your academic institution: association, youth groups, politics, etc.)
- FAMTOT** ___ Domestic- and family work (housework, childcare, care of other people in the household)

[Range 0-168]

The following additional variable has been computed:

ZEITTOT	Sum of VORLETOT , SONSTTOT , TAETIGTOT , FREITOT and FAMTOT
----------------	--

3.3 Please indicate if you would like to spend less or more time on the following activities:

Info: Please respond to each statement on a scale of 1 to 3: 1=less, 3=more

		1 less	2 same	3 more
BALVORLE	Time spent on academic programme	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

The questions below refer to your financial situation. They help us get a better understanding of the expenses that students have as well as of the resources that are available to them.

We assure you once again that all information you give us will be handled with the strictest confidentiality.

Because a student's budget can vary widely from one month to the next, we ask you to estimate your expenditure and resources for a "normal" month (during the semester and not the holidays). If you cannot give an exact amount, please give an approximation you consider to be the most realistic.

6.2 What are your average monthly expenses during the Spring 2020 semester?

Info: This question aims to ascertain students' average expenditure. These include your own expenditures as well as those covered by other people (parents, family, etc.) on your behalf, such as paying in whole or in part for your rent, your food, clothing and health insurance.

If you live at your parents', please do not include your parents' fixed expenditure (e.g. rent telephone bill)

To enable us to take due account of your answers, please state both sums in each column and enter "0" for the items that do not apply to you.

Accommodation (including charges) (if you are not paying a rent or a mortgage payment, enter "0")
