Swiss construction output price index in October 2022

Construction prices rose by 3.2% in October 2022

The construction output price index recorded a rise of 3.2% between April and October 2022, reaching 112.7 points (October 2020 = 100). This result reflects an increase in building and civil engineering prices. Year on year, construction prices increased by 8.3%. These are some of the findings of the Federal Statistical Office (FSO).
