09000 01 What is the SLFS and what is it for?
09000 02
09000 03 SLFS = Swiss Labour Force Survey
09000 04 - The SLFS is carried out each year by the Swiss Federal Statistical
09000 05 Office on behalf of the Federal Council.
09000 06 - The SLFS provides extremely important information about the labour
09000 07 situation and professional activities in general. Among other
09000 08 things it provides answers to the following questions:
09000 09 How many people are there in Switzerland who are employed, not
09000 10 employed or unemployed? How many pensioners are in paid employment?
09000 11 How many people work in each sector? How many hours do they work?
09000 12 How much holiday are they entitled to? How many unemployed people
09000 13 are not registered with a job centre? What training do they have?
09000 14
09000 15

09001 01 - The SLFS provides important information for decision-making for
09001 02 politicians, research and industry.
09001 03 - It is only by recognising the problems of the labour market in good
09001 04 time that effective measures can be taken, for example unemployed
09001 05 people can be helped throughfurther training, occupational
09001 06 programmes and other measures, or mothers in part-time jobs can be
09001 07 provided with day-care centres and other possibilities for their
09001 08 children to be looked after.
09001 09 - Labour surveys are carried out in all European countries, using
09001 10 the same questions.
09001 11
09001 12
09001 13
09001 14
09001 15

09100 01 But why me?
09100 02
09100 03 - Instead of questioning the whole population, which would be far too
09100 04 costly, it is enough to question a number of people selected at
09100 05 random.
09100 06 - And how we do this is as follows: around 20,000 households
09100 07 are selected at random out of the telephone book.
09100 08 Then ONE person per household, also chosen at random, is interviewed.
09100 09 That is how you were selected. We guarantee that all the information
09100 10 you give us will be treated confidentially and that you will remain
09100 11 anonymous.
09100 12 - I cannot replace you with ANYONE ELSE because that would falsify
09100 13 the results of the survey.
09100 14
09100 15

09101 01 What about data protection?
09101 02
09101 03 - Without an absolute guarantee that the data we collect will be
09101 04 protected we cannot carry out any sort of survey. As a LINK
09101 05 interviewer I am also bound to protect all the data I collect.
09101 06 This means that no data from which individual people could be
09101 07 recognised will be passed on to third parties. And no names or
09101 08 addresses will be passed on to anyone else either. In order to
09101 09 ensure data protection your name and telephone number will be
09101 10 separated from your answers as soon as the interview is finished.
09101 11 - The results of the survey will be collated anonymously, i.e. in
09101 12 percentages, such as 54% of women are in paid employment.
09101 13 - I need to have your full NAME so that we can send you personally
09101 14 the brochure with the principal findings of the survey.
09101 15

09200 01
09200 02 - We need your WORK ADDRESS in order to determine in which branch your
09200 03 company is active.

09300 01  Why me again?
09300 02
09300 03  - It is only by putting the same questions to the people who were
09300 04    interviewed last year that the Swiss Federal Statistical Office can
09300 05    gain a full picture of the changes in the professional activities
09300 06    and the personal situation of the population of Switzerland.
09300 07  - It is only in this way that we can evaluate how many of those
09300 08    questioned are still working in the same job as in the previous year,
09300 09    or how many unemployed people have found a job after one year.
09300 10  - The interview is shorter this time, because we have left out some
09300 11    of the questions.
