09000 01  What is the SLFS and what is it for?
09000 02
09000 03  SLFS = Swiss Labour Force Survey
09000 04  - The SLFS is carried out by the Swiss Federal Statistical
09000 05    Office on behalf of the Federal Council.
09000 06  - The SLFS provides extremely important information about the labour
09000 07    situation and professional activities in general. Among other
09000 08    things it provides answers to the following questions:
09000 09    How many people are there in Switzerland who are employed, not
09000 10    employed or unemployed? How many pensioners are in paid employment?
09000 11    How many people work in each sector? How many hours do they work?
09000 12    How much holiday are they entitled to? How many unemployed people
09000 13    are not registered with a job centre? What training do they have?
09000 14
09000 15
09001 01  - The SLFS provides important information for decision-making for
09001 02    politicians, research and industry.
09001 03  - It is only by recognising the problems of the labour market in good
09001 04    time that effective measures can be taken, for example unemployed
09001 05    people can be helped throughfurther training, occupational
09001 06    programmes and other measures, or mothers in part-time jobs can be
09001 07    provided with day-care centres and other possibilities for their
09001 08    children to be looked after.
09001 09  - Labour surveys are carried out in all European countries, using
09001 10    the same questions.
09001 11
09001 12
09001 13
09001 14
09001 15
09100 01
09100 02  But why me?
09100 03
09100 04  - Instead of questioning the whole population, which would be far too
09100 05    costly, it is enough to question a number of people selected at
09100 06    random.
09100 07
09100 08  - Each quarter, 32'500 persons are selected at random from
09100 09    a sampling frame of the FSO.
09100 10  - Only ONE person per household is interviewed.
09100 11
09100 12  - I cannot replace you with ANYONE ELSE because that would falsify
09100 13    the results of the survey.
09100 14
09100 15
```

```
09101 01 What about data protection?
09101 02
09101 03 - Without an absolute guarantee that the data we collect will be
09101 04   protected we cannot carry out any sort of survey. As a LINK
09101 05   interviewer I am also bound to protect all the data I collect.
09101 06   This means that no data from which individual people could be
09101 07   recognised will be passed on to third parties. And no names or
09101 08   addresses will be passed on to anyone else either. In order to
09101 09   ensure data protection your name and telephone number will be
09101 10   separated from  your answers as soon as the interview is finished.
09101 11 - The results of the survey will be collated anonymously, i.e. in
09101 12   percentages, such as 54% of women are in paid employment.

09200 02 #bWhat type of population register is concerned?   #e
09200 03    The population register made available to the FSO exclusively
09200 04    contains demographical information such as age, gender,
09200 05    civil status or nationality. These data come from the population
09200 06    register of the commune of residence. The population register is
09200 07    updated every quarter.

09201 01
09201 02 #bWhy is the population register used?     #e
09201 03    In order to simplify the SLFS interviews, the Federal Statistical
09201 04    Office directly takes certain data on respondents and their
09201 05    households from the population register. This means that we no
09201 06    longer need to ask these questions, thus making your job easier.
09201 07
09201 08
09201 09 #bIs the FSO allowed to use these data from the population register? #e
09201 10    YES. The use of these data and in particular the protection of
09201 11    data are regulated by the Federal Act of 23 June 2006 on the
09201 12    Harmonisation of the Register of Residents and of other Official
09201 13    Registers of Persons(RS 431.02).
09201 14
09201 15
09410 01 We know that you are not in the telephone book. But the Federal
09410 02 Statistical Office is obliged to take account of the whole of the
09410 03 population. Since February 2008, a new Federal Council ordinance
09410 04 allows it to use all fixed-line telephone numbers in Switzerland
09410 05 including those that do not appear in the telephone directory.
09410 06
09410 07 Only a few priority FSO surveys have access to this list of
09410 08 fixed-line numbers, including this survey on the labour force (SLFS).
09410 09
09410 10 Data protection is guaranteed by the Federal Statistics Act and the
09410 11 Data Protection Act:
09410 12 - telephone numbers are treated in confidence
09410 13 - they are used for statistical purposes only, their use for commercial
09410 14   or administrative purposes is absolutely out of the question and
09410 15   liable to prosecution.
09501 01 #bImportance of the SLFS#e
09501 02
09501 03 o The return to the voluntary survey does not in any way call into
09501 04   question the importance of this survey, which has existed for
09501 05   over 20 years.
09501 06   The Federal Council has also reiterated the centrality of this
09501 07   survey in Switzerland's statistical system.
09501 08
09501 09 o The SLFS provides indispensable indicators on employment,
09501 10   unemployment, working conditions, educational level,
09501 11   the integration of foreigners, monitoring the free movement
09501 12   of persons and gender equality.

09502 01 #bWhy should I bother to answer? #e
09502 02
09502 03 o Your participation is important because every voice counts.
09502 04   You are not legally required to participate,
09502 05   but the FSO is counting on your cooperation.
09502 06
09502 07 o The more people respond, the more the numbers will reflect
09502 08   the reality of the labour market and the variety of living
09502 09   conditions in Switzerland.
09502 10
09502 11 o If a large number of people respond, the FSO will be able
09502 12   to provide  accurate estimators.

09506 02   o A CODE is also given in this FSO letter: persons who have doubts
09506 03     about the identity of the caller ("Is this really someone from
09506 04     LINK wishing to interview me for the SLFS?") can ask the inter-
09506 05     viewer to say the code in order to identify him or herself.
