Study and living conditions at Swiss higher education institutions in 2024: initial findings

Half of students in higher education took online courses in 2024

In 2024, 53% of students in higher education took online courses. Last year, students spent less time studying (–2.1 hours per week on average) and more time in paid employment (+0.7 hours) than in 2020. In 2024, more students worked upwards of 40% of full-time equivalent hours. These are the initial results of the 2024 Survey on the Social and Economic Conditions of Student Life carried out by the Federal Statistical Office (FSO).
