Mental health in Switzerland – Monitoring 2012

Mental health of the population unchanged

Neuchâtel, 12.04.2012 (Obsan) – **The mental health of the Swiss population has barely changed in recent years. About one person in six in Switzerland suffers from a mental disorder. This is a finding of the third monitoring report by the Swiss Health Observatory (Obsan).**

Interested readers will find the complete text of the press release in the German, French or Italian version:

For German see: Obsan > Aktuelles > Medienmitteilungen

For French see: Obsan > Actualités > Communiqués de presse

For Italian see: Obsan > Attualità > Comunicati stampa

The Swiss Health Observatory (Obsan) is an institution mandated by the Swiss Confederation and the cantons. The Health Observatory analyses the information available on health in Switzerland. It supports the federal government, cantons and other institutions involved in public health with their planning, decision making and implementation.

Further information is available at www.obsan.ch.
