Statistics on commodity traders

Commodity trading generated CHF 19.2 billion in value added in 2024

In 2024, companies involved in commodity trading generated estimated value added of CHF 19.2 billion, accounting for 2.3% of Switzerland's total value added – a figure comparable to its gross domestic product (GDP). The cantons of Geneva and Zug are the main regional centres for this activity. These are some of the results from the new monetary statistics on commodity traders published by the Federal Statistical Office (FSO).
