Statistics on commodity traders

Commodity trading generated CHF 17.1 billion in value added in 2025

In 2025, enterprises operating in the commodity trading sector generated added value of CHF 17.1 billion in Switzerland, representing a fall of 10.8% compared with 2024. These are the results of the monetary component of the statistics. The structural component, covering the year 2024, identified some 1024 enterprises and 11 264 jobs in the commodity trading sector. The enterprises that support commodity traders ("cluster entities") accounted for 2202 jobs in 2025. These are the latest results from the Commodity Trading Statistics compiled by the Federal Statistical Office (FSO) and the State Secretariat for Economic Affairs (SECO).
