Goods transport in 2025

2025 rail share in freight transport lower than ever before

The transport performance of goods transport by rail fell by 5.5% in 2025 compared with the previous year. Meanwhile, road freight transport increased by 2.7%. This means that the share of rail in freight transport performance fell by 2 percentage points to 35%, the lowest ever recorded. These are some of the findings from the Goods Transport Statistics produced by the Federal Statistical Office (FSO).
